Higher Education Solutions

Hoonuit is dedicated to providing cost effective, yet innovative solutions to the key challenges that colleges and universities face. With nearly two decades of experience in the education industry, our robust library of over 1,500 courses can be utilized to enhance a professional learning system or integrate directly in your Learning Management System (LMS).

Faculty Development

We are a resource for academic affairs to use when engaging their professors and faculty. Our library is available for faculty to acquire the critical skills needed to transform their teaching and learning styles.

Technology Training

We provide IT departments on-demand training for the important tools professors need in their daily classroom environment. We also integrate our product into your Learning Management System to seamlessly use whatever you may need throughout a lesson.

Compliance

We offer HR consistent and required staff compliance training that align with a majority of the necessary topics. This allows faculty to enhance their skillsets and knowledge at an on-going basis.

First Year Student Success

We want to mitigate challenges for first year students. To do that, we have a number of resources specific to first year students to give them the confidence throughout the transition to college.
